

Mastery in Mathematics Parent Workshop

Making abstract ideas easy

This fifth interactive workshop has been designed by our maths team to give all of our parents and carers a deeper understanding of how children are taught mathematics at Hawkes Farm and Burfield Academies.

In this session, we will explore what exactly a mastery approach in mathematics is and how it looks in the classroom. We will look at the research and evidence behind this approach and what the 'Five Big Ideas' in mastery are and how they underpin the teaching and learning your children receive on a day-to-day basis.

It will be an informal 40 minute session with refreshments on arrival; session hand-outs to take away and time for you to ask any questions.

The session will be run by Mr Thomas, Mrs Nash, Mrs King and Mr Swain twice on Thursday 7th March at our two Academies. As a parent/carers at either school you are welcome to attend either workshop. The session times are:

Thursday 7th March

9.30am Burfield Academy, Oaklands Way, Hailsham, BN27 3NW- Academy office contact number: 01323 819309

6.00pm Hawkes Farm Academy, Hawks Road, Hailsham, BN27 1ND- Academy office contact number: 01323 841466

We look forward to seeing you.

Sam Thomas (Head of Mathematics)
